Now for the acid test.

This Fourth Liberty Loan demonstrates to the world whether your patriotism, my patriotism and the patriotism of the rest of us here at home is twentyfour karat or plated goods.

Eternal history will scorn or glorify us as we perform in the next three weeks.

There must be no ifs, no buts, no half-way measures, no faltering, no compromising, no soft excuses.

The job must be done.

It must be done at any cost.

All things must yield in its favor.

Proud as we can be, it is no time to pause for self-congratulations on past Liberty Loan performances.

No fulfillment of past Liberty Loan obligations excuses us from the present call to duty.

If our manner of living conflicts with our assuming a generous share of this new responsibility -we should change our manner of living.

The loan will be an overwhelming success only as each one of us realizes his or her personal responsibility-and meets it.

The issue is plain-"Are we more tender with our dollars than we are with the lives of our

The following is the text in part:

"Dear Folks: The first mail came in a few days ago. I had twenty letters, about five of which were from you and all the remainder from different parts of the country, some of them months old.

"The trip over was unecentful until the last day. A suspicious object was sighted about half a mile away on our starboard bow and we opened fire on it, with about a dozen other ships. We fired eight shots, in all more than a hundred were let loose at said object, which disapepared instanter. We never knew what it was for sure. The most exciting thing was that a ship on our port side was firing over us at it. Some of the shells went so close we could hear them hum as if they had shucks tied to them. I was in the foremast as lookout and could have sworn that one shell passed between me and the smokestack. For about three minutes it sounded like a regular battle.

"France is pretty much the same as it was when we were over alst spring, except that there seems to be more enthusiasm than ever before. No one over here seems to have a doubt as to the final outcome, that is, that we shull scon have the kaiser squaling for peace.

about anything except work, and that is only when they are working. They never sit and growl about what they have to do tomorrow. Thirty-two men sleep in the compariment with me, and about fifteen of them are erstwhile small-town cut-ups and they would make a woden man laugh. The other might one of the boys, from North Carolina, read a letter from his Jane back home in which she said: I love you as much as I do my mammar in fact, so much, it makes me sick to think about it. In another place she told him that when he ate epanut butter sandwiches, if he would turn the peanut butter upside down it wouldn't stek to the roof of his mouth.

"A great many of the old guard, however, have rather limited education. One day one of them came to the ship's office and wanted to make out an allotment to his wife and one 'children,' but could produce no evidence that he was, is or ever had been married. He said he had a 'receipt' at hore and would send for it right away.

"A few nights ago the Y. M. C. No marked degree of success has attended the efforts of either of us to date, but I believe she is picking up quicker than I, and I find associatio nipleasunt any way. ARGO PERKINS WARM IN PRAISE OF NAVY

Mr. H. C. Harris Popular Engineer Tells Wonderful Experience

VI-TO-NA Did for Him What All Other Remedies Failed to Do.

FINEST ON EARTH

"For a long long time, I suffered from what doctors called chronic indigestion," said Mr. H. C. Harris, who lives at 254 Lucile Avenue, Atlanta, Ga.

Mr. Harris' statement is very interesting. He is one of the South-ern Railway's most popular engineers, pulling passenger train between Atlanta and Columbus, Ga.

"I suffered for weeks and weeks from indigestion and stomach trouble, became so rundown and suffered such awful pains in my stomach and back—kidneys all 'shot to pieces'—Always tired, naturally weak because I could not eat any solid food.

"You know I am an engineer, and a fellow following this business needs not only all his strength, but his nerve has to stay with him as well."

well.

"How am I now? Well, son, I am in just about as good shape as I ever was. I took three or four bottles of VI-TO-NA and for quite awhile now I have felt YOUNG AND STRONG AGAIN. I never have that 'tired feeling' any more. Yes, sir, I will tell you just what I have told a good many others—VI-TO-NA will sure get right down after your troubles and will put more 'pep and ginger' into a fellow than anything I know of. My kidneys are O. K. now. I can eat anything that is passed up to me and never feel any ill effects afterwards.

"My nerves, did you say? "Now, I just wish you would crawl up that hig bunch of steel that I drive over the rails from here to Columbus and watch how quiet and calm I am—just like a hoy. Sometimes we get late on our schedule and I have to lead that string of coaches a pretty lively clip in order to nose in on time, but I can throw my old 'eight-wheeler' wide open now and feel just as safe, or more so, than 'Casey Jones' on his famous Frisco run. I cheerfully and honestly recommend VI-TO-NA to every one who feels as I did."

VI-TO-NA is on sale in Chattanooga exclusively by Jo Anderson Drug Co. and in East Chattanooga by Sherman Heights Drug Co.; by Alton Park Pharmacy in Alton Park, Tenn.

A Simple Way To Remove Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every ing the war will be presented to the Philippines legislature when it convenes this month, according to an announcement by President Quezon, of the senate. This move follows an army order closing all dance halls and suburban cabarets.

dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.—(Adv.)

Shoulder to Shoulder

Now, then, all together! This war is the concern of ALL of us! We're brothers in arms! The man at home who can't fight can help! The boys at the front, on the decks of destroyers and cruisers—how proud we are of them! They are doing THEIR part—we must do OURS! While they fight, we must save and buy Liberty Bonds to back up their splendid courage!

Have YOU bought Bonds until it hurts? Have YOU subscribed for a hundred or a thousand, when to be worthy of them you should buy what you know to be your limit?

This is a matter for every American conscience.

Do your FULL duty, if you want to stand shoulder to shoulder with OUR

Buy Liberty Bonds with all the cash you have and then buy more on installments for all you can save in the months ahead.

There is immediate and urgent need for every dollar you can spare. You are only LENDING, not giving your money. Your Government guarantees the return of your money with interest of 41/4%. THE TIME TO ACT IS NOW!
